

Making a Difference— one child at a time

For many children and their families in Bungoma, Kenya, going to school is a dream that could not come true without student sponsorships and scholarship donations that have so generously been given for the last eight years. Each year more sponsored students are graduating. Their graduation opens new doors and the possibility of going on to secondary school and college.

Last year over 100 students benefited from the Sponsor a Student and Scholarship Program. Please consider how you might be able to support these eager to learn children!

If you can say 'yes' to a child, you are saying 'yes' to the future of our brothers and sisters in Christ, at our sister parish primary school and area secondary schools.

Father Christopher knows each of the children and their families and carefully selects students to be sponsored or given scholarship assistance. Each child knows they have been helped by a caring sister or brother from the United States.

Teachers and Father Christopher make sure the students write messages of thanks. Correspondence between sponsors and students have created special bonds.
